Oh my gosh, could it be that I've *maybe* caught on to something early on? I've been browsing the web all morning and stumbled upon this awesome gem of a publication, right in my own backyard!

GRAY Magazine focuses on design (and designers) in the Pacific Northwest, offering both a digital and a printed form. They *just* published their December 2011 issue like 13 hours ago, so hurry and be one of the first few to subscribe! [Here's their website](#), where you can see the preview AND subscribe to see the newest December issue!

So excited!
